

## **VERSE 1**

Slide into the finish line  
Today could be the end of time  
I'm not gonna waste it  
Society has given in  
It's not even about the win  
But why you do it

## **PRE-CHORUS**

Life --- is not gonna wait for me  
I've gotta jump into the ring  
Make sure I bring everything  
It's time it's time

## **CHORUS**

One life to live I'm gonna use it  
Gonna give everything gonna prove it  
One life to live I'm gonna use it  
Even the bruises are worth it in the end

## **VERSE 2**

Work through blood and sweat and tears to the other side of fear  
I just gotta taste it  
Together we will win as one  
A family we have become  
We don't wanna waste it
